TRIBAL ORGANIZATIONS' EMPLOYEE HANDBOOK

ATTENTION: HR Staff members:

You have an awesome task ahead of you. You are charged with the responsibility of advertising, recruiting, selecting, evaluating, disciplining and proper record-keeping of a tribe's most valuable asset: Its people and workers. Most of all, you are entrusted to maintain an efficient and harmonious work force, all within many legal and ethical parameters.

To facilitate just one aspect of your numerous tasks, we have devised a "*Sample Tribal Employee Handbook*" in a format that you can alter to best fit your needs.

With the exception of a portion that addresses a brief history of the employer; i.e., the tribe, the remainder entails the various privileges and caveats that all new and existing employees need to be apprised about.

The file that we can share with you is in a simple, *Word* format that can be altered, modified and updated, as you deem necessary. *Comprising approximately 50 pages of valuable information, the Handbook has been reviewed for its sequencing, ease of understanding and legality.*

- **Our Handbook is only for Tribes and their various entities.**
- **You can make changes on the CD that suit your own Tribal policies.**
- **You don't need to waste valuable time trying to create your own Handbook; hundreds of hours have been spent to ensure the handbook's relevance.**
- **Acknowledgement of an employee's receipt of the Handbook is also included.**

PLEASE INDICATE TO WHOM THE C-D SHOULD BE MAILED TO..
